KEM Electric Cooperative is dedicated to providing affordable, reliable energy and services that support and unite our member-owners.

We also aspire to meet the Touchstone Energy® Cooperative core values of integrity, innovation, accountability and commitment to community.

KEM Electric Cooperative, Inc., is an equal opportunity provider and employer.

TOGETHERWESAVE.COM

Marketplace for Kids/ Marketplace for Ideas is one of the many organizations that received funding through Operation Round Up.

Turn coins into change

Find out where your Operation Round Up contributions are going in the March local pages of the *North Dakota Living* magazine. Small change can really add up and bring opportunities to our local communities.

Join the effort by signing up to have your bill “rounded up” to the nearest dollar. For about \$6 a year, you, too, can make a positive impact on the lives of people in your community.

How do you become a lineworker?

KEM Electric Cooperative Journeyman Lineman Dale Nagel recounts his time at Bismarck State College and the training he went through to become a lineworker.

“I always wanted to move back to my hometown in Linton, and I thought about what jobs there were going to be. I thought there may be some chances of some openings at KEM Electric, so I gave that a try and I liked it,” he said.

Read the rest of his story in the March local pages of *North Dakota Living* magazine.
