

Stop writing us checks!

KEM Electric has automatic payment plan

Now members can have their monthly payment deducted automatically from a savings or checking account. Save time, write fewer checks, and be assured your payment will always be on time even if you're on vacation or away from home with the Automatic Payment Plan from KEM Electric.

You still receive a billing statement every month however, you won't have to physically submit any payment. "Auto Pay" will be printed in the amount due area. Through your written authorization, KEM Electric will automatically make a payment from a savings or checking account on or around the due date printed on your power bill. Proof of payment will appear with your next statement.

Visit our website: www.kemelectric.com to print the authorization form or call us at 701-254-4666.
