

Are you ready to power up your career? At KEM Electric Cooperative (KEM), we're on the lookout for an Apprentice or Journeyman Lineworker to join our expanding team. We're not just another employer; we're a passionate, forward-thinking cooperative dedicated to providing unwavering support to our valued members.

Why Choose KEM? Our commitment to our employees is strong, just like our commitment to our members. We believe in a supportive work environment that not only allows you to thrive professionally but also ensures a healthy work-life balance. Here's what you can expect:

- **Competitive Compensation:** Simple! Hard work deserves recognition and rewards.
- **Comprehensive Benefits Package:** Your well-being is a priority. We've got you covered! You can focus on your career.
- **Ideal Work-Life Balance:** Time is valuable! We are committed to the importance of balance.

Key Responsibilities:

As a Lineworker at KEM, you'll have the opportunity to work on energized lines (approved gloving methods used), as well as respond to real-time outage calls. Construct and repair electric distribution and transmission line of the cooperative. Complete installation lightning arrestors, circuit breakers, regulators, transformers, and other equipment. Safety at KEM is a top priority.

Qualifications:

We're looking for someone with the right blend of experience and skills:

- High School education or equivalent.
- Apprentice applicants must have completion of a one-year Lineworker training course and 1st/2nd step apprenticeship completion.
- Journeyman applicants must hold a Journeyman Lineworker certificate issued from the United States Department of Labor (DOL)
- North Dakota Commercial Driver's license (CDL), including air brake endorsement, or ability to obtain within 90 days of hire.

Ready to Power Your Career? To discover more about KEM Electric Cooperative, delve into the full job descriptions, and explore additional job postings, visit our website at www.kemelectric.com and click on " About Us/Career Opportunities."

To apply, send your cover letter, resume, and the completed KEM employment application to hr@iea.coop. This opportunity will remain open through **February 12, 2025**.

At KEM, we don't just offer a job; we provide a platform for you to shine. Join us and become an integral part of our commitment to delivering innovative energy solutions while fostering strong member relationships. **Your career journey begins here.**
